

! Definition of Permanent Incapacity

Permanent Incapacity means a permanent physical or mental incapacity which the Trustee, after considering the advice of a registered medical practitioner, considers will result in you being unlikely to have a significant earning capacity in the future. The information contained within this form will be used by Mercer and the Trustee to determine whether or not you meet the criteria for a claim based on Permanent Incapacity, as defined.

If you do not meet the requirements for a withdrawal on the grounds of Permanent Incapacity, but your illness is causing significant financial hardship, you may still make a claim on the basis of 'Significant Financial Hardship' by completing the Significant Financial Hardship claim form, available on www.silfunds.co.nz.

Decision

Mercer will make a decision whether or not to approve your claim. Mercer may require further information from you. If your claim is approved, you will be advised and payment will be made in accordance with your instructions.
